August meeting minutes approved by unanimous vote.

SOT Nominations are starting for teachers and support staff.
Voting for parent nominees has begun today.

Count Day (September 10th, 2021)

In the Spring we were projected to have 601 students enrolled. As of Count Day, enrollment was at 578.

Due to the ratio of students by grade level, we unfortunately lost a 4th grade staff member. However, 5th grade is increasing from 4 teachers to 5. Lowest enrollment groups are Kindergarten, 1st, and 2nd grade. Title 1 budget did not change. It is being used to pay for 1 strategist and for partial pay for 1 teacher.

SB178 line item is removed due to those funds being included in other categories such as English Language Learners and At Risk Students. Details on how these specific funds are allowed to be spent have not been handed down to the school at this time. Carry Over is from previously unfilled positions and other expenditures from last year that did not end up happening due to Covid.

Thank you to all who have served on the 2020-2021 Garehime Elementary School Organization Team. Last meeting for this team adjourned at 4:47.
