I have used my personal best to complete this business application. I am serious about becoming a small business owner and will work hard to make and sell a good product. I understand that no one other than the people listed on my license can work at my business and I also understand that I may not sell any products other than those listed and approved on this license. I agree to complete and turn in a Profit Loss Statement and failure to do so by the required date will result in a fine of 50 GG and a loss of owning a small business during the next Going to Town Day.
