

Garehime SOT Meeting-11/17/2020

Meeting convened at 4:00pm virtually.

Members in attendance: Ryan Lewis, Michelle Zamora, Jennifer Vansickle, Lisa Dixon, Mara Barragan, Sabrina Mowrey, April Ballard, and Bradley Linkins.

Last month's meeting minutes were approved.

First Agenda Item: Review of CCSD K-12 Code of Conduct

Unanimous group decision made that, due to the length of the document (96 pages), each member would review it independently and then bring any questions, comments, or concerns to the group at the next meeting.

No public comments or statements submitted to the group at this time.

Topic was raised of the 2021-2022 budget. As there are no figures yet available, discussion of the budget was tabled until the December meeting.

Final Fit & Fun fundraiser numbers will be made available to the group and community at large as soon as they are available.

Ryan Lewis recommended that the group be prepared at the December meeting to discuss in earnest the budgetary priorities that the group will take into consideration when budget numbers are available.

Next meeting date of December 14th, 2020 at 4:00pm was selected and agreed to by all members present.

Discussion of the recent Trunk of Treat event.

Discussion of the need for parents to respond to the CCSD Covid-19 Response/School Reopening Planning surveys. Parent input in this matter is absolutely critical so that the schools and district in general can identify the needs, challenges, and preferences of all parents and students and take them into consideration in order to find the best plan for the schools and district moving forward.

Sabrina Mowrey raised the question of whether or not Garehime would be holding a holiday gift drive this year as in previous year. Ryan Lewis answered that it is being discussed, but the challenges of how to identify those in need, as well as gather and then distribute gifts safely are not yet resolved. Garehime will continue to try its best to

give as much assistance to all students that need it in ways that meet health and safety guidelines.

Lisa Dixon motion to adjourn

Michelle Zamora seconded the motion.

Motion to adjourn passed unanimously.
